Hello Neighbor!

The Riverside market is heating up. I'm proud to have helped more of my Riverside neighbors sell their homes and lots than any other agent so far this year. Out of 5 homes listed in the neighborhood, I've sold 2. Out of 5 land listings, I've sold 2 and just brought another one to market. If you've been thinking about selling, I'd love the chance to help.

Deana is absolutely the best realtor that we have ever worked with. She took a personal interest in our selling process and was available to us at every point. She is a great communicator and negotiator. Her integrity is beyond reproach. I highly recommend her to anyone with real estate needs.
